

The MKT1A is very suitable for live switching productions. The T-bar in the middle and with both four-way plus NKK buttons surrounded makes it the most suitable controller for a big production.

MKT1A or MKT1B can be used as modular component of the Mega Panel system or can work as standalone control surface.

SKAARHOJ Universal Controllers supports more than 120 different devices, and counting! Check out our website's "Device Core" section, to see what can be controlled at <a href="https://devices.skaarhoj.com/">https://devices.skaarhoj.com/</a>. The flexible User Configuration makes it possible to assign and add the functionality you need from the controller. All controllers are IP-based, and can have Remote Control with PoE. All SKAARHOJ products are designed and built in Denmark.

## Features

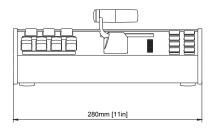

- Universal control of multiple 3rd party devices
- Flexible user configuration
- IP-based remote control, can be powered with PoE
- Modular multi-surface system
- T-bar and RGB LED bar
- Large, crisp graphical OLED windows for labels and section titles with NKK button rows
- Sculptured cap RGB broadcast buttons NKK Japanese quality, best of the best
- Auxiliary four-way buttons
- Ethernet with PoE (IEEE802.3at)
- Designed and built in Denmark

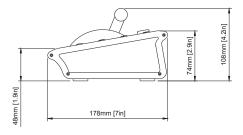

## Data sheet

Hardware specs	
4-way Buttons	8
Encoders	4
NKK Buttons	15
Customizable OLED screen	11
Analog components	T-bar and RGB LED bar
Product $W \times D \times H$ (mm)	280 x 180 x 110
Weight (g)	To be announced
Shipping box W x H x D (mm)	435 x 220 x 145
Shipping box Weight (g)	To be announced
Country of Origin	Denmark
In the box	12V power supply
Hardware options	
MKT1B	
Connectivity	
Programming Port	Ethernet (or Micro USB for setting manual IP)
Networking Port	RJ45 Ethernet
Power Supply	12V
Recommended cables (not in the box)	LAN Cat 6 S/FTP or better
Operation	
Power Consumption	6.66 Watt
Operating System	skaarOS
Universal Control	Check our website for Device Core to what can be controlled https://www.skaarhoj.com/support/device-cores

## Main Option: MKT1A with Blue Pill Inside

## Hardware Option: MKT1B with Blue Pill Inside
