

# XPoint 24

## With Blue Pill Inside

With XPoint 24 you'll get the perfect small form factor modular desk controller. It can be used as a stand alone unit or paired with one of our other controllers for increased flexibility and control.

The XPoint 24 comes with 24 incredible four-way buttons, all with RGB coloring and customizable OLED graphical displays. There are also 12 multi level LED indicator bars perfect for adding additional tally feedback!

Blue Pill Inside

SKAARHOJ Universal Controllers supports more than 120 different devices, and counting! Check out our website's "Device Core" section, to see what can be controlled at <https://www.skaarhoj.com/support/device-cores>. The flexible User Configuration makes it possible to assign and add the functionality you need from the controller. All controllers are IP-based, and can have Remote Control with PoE. All SKAARHOJ products are designed and built in Denmark.
